

## Technology and Innovation

Innovation is important to us.

We're open. We are a business that thinks ahead. We're bold. And we're direct. It's a way of working that helps you address your critical energy challenges of today.

### What we're doing

**Digital transformation:**

Evolving our digital initiative to unleash the power of data within our business practices to create a unique customer experience

**Partnership:**

We continue to build and sustain high value partnerships to support the unique customer experience we create

**Planet:**

We are advancing and developing technologies to help create a lower carbon future and participate in maximising recovery

**Intelligent automation:**

We are looking at ways to increase accuracy and uptime, improving safety, reducing costs and personnel on board

### Changing for the better.

## Culture of innovation

Inspire. Create.  
Differentiate.

Our determined commitment to product portfolio enhancement, increasing sophistication in technology and the application of resources and IP development will ensure that Expro goes beyond merely meeting customer needs, but addressing our impact on the future.

We will focus on developing initiatives to both harness the power of data within our business practices and also increase our relevance and commitment to creating a lower carbon future.
