

# **Well Construction**

**Drilling Technologies** 

## **Bird Bath Mud Saver**

A clamp around mud saver designed to mitigate the overflow of drilling fluids from driven conductors. The mud saver will act as a basin, collecting and diverting the drilling fluids through 8" hoses.

#### **Features and benefits**

- Total flowrate for Bird Bath using 8" outlets is 83.5 BPM
  Flowrate on each 8" side is 41.8 BPM
- Can be fabricated to suit applications

### Applications

• Drillout during driving operations
