

Well Construction

Frank's Tubular Running Services (TRS) - Casing Technologies

Scissor Lift Tong Positioning System

Features and benefits

- Unique tong positioning system allows safe manipulation of power tongs to and from well center without the use of tugger or cables
- Remote control capabilities allow for hands-off operations
- Built-in patented slippage sensor safety feature
- Can be used as a stand-alone carriage system or driven by an AR-5000 Iron Roughneck
- Compatible with Expro's 30 in and 36 in tongs with integral zero-side load hydraulic backups

Specifications	
Safe working load	14,200 lbs [6,441 kg] (36 in tong with integral HBT)
Shipping dimensions (LxWxH)	95 x 84 x 49 in [2,413 x 2,134 x 1,245 mm]
Shipping weight	10,250 lbs [4,649 kg] with motor drive assembly (to be used as carriage)
Elevation travel	26 in [660 mm]
