

# Well Construction

## Conductor Driving and Slot Recovery

### Dual Pin Drill

Expro's Dual Pin Drill is used to bore pin holes in conductor pipe set opposite to one another.

#### Features and benefits

- Time saving
- Can drill through multi cemented strings
- Clean bore hole, without jagged edges
- Cold cut process, no need for a hot work permit

#### Applications

- Pipe recovery operations
- Hole boring operations

#### Specifications

Height	16" (486mm)
Width	70" (499mm)
Length	132" (3,353mm)
Weight	1,600 lb (726 kg)
Pipe mounting diameters	20" to 36" (508mm to 914mm)
